Mayville State University

COMETS Softball

Love for the Game
The Mayville State softball team is a select group of young women who chose to become members of this team because of their love for the game and their desire to become the best players and people that they can be.

Family
This is done within a “family” atmosphere where each player is encouraged to bring her own unique gifts and talents to the group for the betterment of the “family”. Comet softball has a commitment to excellence both on and off the field.

Responsibility
We demand that our student-athletes take personal responsibility for their personal, academic, and athletic lives. This means that all players must be willing to learn in all environments. They must positively represent the college and the community. They must have a desire to lead and create a path that others are willing to follow.

Winning Attitude
A winning attitude is a must. All players must realize that through hard work, dedication, and discipline, winning becomes the by-product. The ultimate reward at the end of this journey is that a well-rounded young adult has experienced the thrill of victory and the agony of defeat. She has learned to work with others in pursuit of a common goal. She has struggled through adversity and grown from it. She has emerged as a student, not only of the game, but also as a student of life.

Successful
We are successful because we work a little harder than anybody else. We want hard work to be a major staple of our team.
