Mayville State University

COMETS Football

Thank You

Thank you for your interest in Mayville State University. We are very excited that you are considering our program and university as the place to continue your education and athletic career. Enveloped in a small-town package, Mayville State has a lot to offer prospective student-athletes.

Four winning characteristics of our student-athletes

1. We want a solid student who is serious about attaining his degree and graduating.
2. We want a solid citizen who will fit into our community and someone who possesses solid character.
3. We want a solid football player who will produce on the field and in the weight room, which will, in turn, contribute to victories.
4. We want a student-athlete who will be committed to our program until he graduates, and continues this commitment as an alumnus.

Just the Beginning

We are excited to begin building a relationship with you, the student-athlete, through our recruiting process. With our new head coach, Derek Schlieve, we are building from the ground up to establish a tradition of excellence. The future of Mayville State University looks bright and we would like you to be a part of the excitement. Please consider becoming a member of our football family.

Successful

We are successful because we work a little harder than anybody else. We want hard work to be a major staple of our Comets team.
