

Congratulations on being nominated as a candidate for the Mayville State University Athletic Hall of Fame! To assist the selection committee in their deliberations, we ask that you supply the following information. Remember, being as complete as possible in the information you provide will help to make the selection process more objective. Nominees who have completed and returned the nominee data sheet and returned it to the MSU Foundation prior to June 1 of any given year will be considered for induction in that same year.

**Nominee Qualifications**

If a nominee was an athlete, the nominee must have graduated or left school ten or more years prior.

If the nominee was an athlete, he/she must have earned two letters in one sport or one letter in two or more sports.

The records of the nominee(s) considered should be so outstanding that there would be little question as to the qualifications necessary for induction.

Consideration will be given for personal conduct in sports and personal contributions to the ideal of sports.

Criteria and qualifications will be based primarily upon the nominee's participation while attending or serving Mayville State University. However, accomplishments after leaving the University may be an important point of consideration.

**Please Note ...**

Inductees shall attend an induction ceremony unless their presence has been waived by the Selection Committee and proxies have been selected to receive their award for them. All inductees who are deceased or incapacitated shall be represented by individuals chosen by the Selection Committee.

Nominees not selected for induction in the year of nomination will remain in an active pool for three years. After three years of non-selection, the nominations will be moved to an inactive status. The nomination must be re-submitted to the Selection Committee in order to be moved back to active status.
