

At Mayville State, you'll earn more than a degree. You'll earn an education.

Elementary Education

*Bachelor of Science in Education
North Dakota State College of Science Distance Program*

Personal Service

We pride ourselves on being just the right size to give students the time they deserve. Our average class size is 15. Your professors will introduce you to new ways of thinking, exploring issues creatively, and evaluating ideas as you engage in the world. You will have small, personalized class settings.

Flexible

Interactive Video Network (IVN) classes are offered evenings for working adults. Summer classes allow you to focus and complete a course in a shorter time frame, and online class options are available for many course requirements.

Success

Earning your bachelor's degree will allow you to explore new teaching-focused career opportunities. You will be a part of Mayville State's 124-year history in teacher preparation.

Value

The combination of MSU's affordability and its unique offerings make it a Best in the Midwest College, as designated by the Princeton Review. MSU was also named one of the 2013 top three Public Regional Colleges in the Midwest by U.S. News & World Report.

The Program

Pursue your Bachelor of Science degree in elementary education from Mayville State University over the interactive video network and online. Remain near home, work, and family while completing classes towards a four-year degree that will open doors to exciting career opportunities.

Accreditation & Framework

The teacher education program at Mayville State University is accredited by the National Council for Accreditation of Teacher Education (NCATE). Our conceptual framework theme is The Reflective Experiential Teacher Model. The theme is based upon established learning concepts that students develop and demonstrate in their coursework, field experiences, and student teaching (i.e. Grade Four Experience, and Five-Week School Based Experience).

The program includes a student cohort system with two field experiences that integrate all program elements. Candidates are taught to use a variety of research-based instructional strategies as well as multiple performance-based assessment practices.

Program Guidelines

- Students seeking admission to the elementary education program must successfully complete the Pre-Professional Skills Test (PRAXIS I) with scores that meet or exceed the North Dakota state requirements in reading (173), math (170), and writing (173).
- Candidates must earn at least a 2.75 cumulative GPA for the overall average, general education requirements, and for each major and minor field of study.
- Students must also meet all other requirements listed in the academic catalog to be admitted into the program

Diversity & Technology

Studies of multicultural and global perspectives are required in candidates' general, content, and professional coursework. Candidates must create an electronic portfolio showcasing their ability to demonstrate content, pedagogical, and professional knowledge.

1-800-437-4104
www.mayvillestate.edu

MSU's Bachelor of Science degree in elementary education consists of:

- Courses in general education
- The major
- Required minor, certificate of completion, or second major
- Information technology certificate
(For students without a previously earned degree)

Elementary education majors can earn a minor in early childhood education. Upon completion of five semester hours of student teaching, they will be credentialed to teach grades K-6. Students seeking the Title I Certificate of Completion must complete EDUC 351 - Remedial Reading Practicum and EDUC 426 - Reading in the Content Area.
