### **The "BIG-10" Reverse Auction**

Sometimes this kind of auction is called a backwards auction, because in a regular auction, the top bidder wins. In this auction, every single bidder wins ... the top bidder, the bottom bidder, and every bidder in-between. Every bid wins! It's a way for each and every one of us here tonight to answer the question - "How much am I willing to bid to help a special young man or young woman from our area get an academic honor scholarship?" Decide what your bid to help a student will be, and raise your hand when the bidding gets to you! All bids are added together to make a grand total of scholarship dollars that are separate from the other event proceeds tonight. The amount raised in the "BIG-10" Reverse Auction will generate 10 \$1,000 academic scholarship for the 2015-2016 academic year. Your name will appear on a certificate given to the students who receive this scholarship.
