

Science in a Nutshell

Solids

Description: Explore properties of solids, such as shape, hardness, density, elasticity, and magnetic attraction. Separate mixtures, see how temperature affects solids, and more.

Includes:

- Activity Guide
- Activity Journals
- Balls
- Bimetallic Strip
- Cubes
- Graduated cup
- Foam cups
- Plastic cups
- Fabric Samples
- Forceps
- Iron Filings
- Jar with lid
- Magnet
- Magnifier
- Measuring scoop
- Nail
- Black paper
- Petri dish
- Pipe cleaner
- Rock and minerals
- Sand
- Spoons
- Spring toy
- Straws
- Thermometer
