

Math in a Nutshell

Metric Tools (Grade 3-4)

Description: Students master the metric system using metric tools to measure distance and length, capacity and volume, mass, and temperature. They also build metric proficiency by recognizing benchmarks, changing units, and identifying equivalent measures.

Includes:

- Student Activity Guide
- Balance
- Color Bars
- Cubes
- Dial-A-Metric
- Funnel
- Graduated cylinder
- Teacher's Guide
- Measuring cups and spoons
- Measuring tape
- 0-9 Number Chooser
- Rulers
- Thermometer
