These classes are where Instructors follow a pre-choreographed format. Safety is the foundation for every exercise, movement pattern, cycle or interval of work, speed of training, number of repetitions, duration of work to rest, and more. Music is formatted to help members exceed their fitness goals and motivate us all to work out longer, harder and have a lot more fun doing it! These classes follow a predictable pattern that members can learn, connect to what they are feeling, work on their form and focus on the connection that we all need to have to make the changes we want!
