Biology

Minor: Biology, Biology Education

This program is designed to provide the student with a broad foundation in the fundamental principles of biology and to support other related fields of study, and the minor provides the student with additional depth in biology that employers prefer.

Students in this program complete BIOL 150 - General Biology I and BIOL 151 - General Biology II, plus 12 semester hours of biology electives to total a minimum of 20 semester hours. Teacher-certification candidates must also complete EDUC 398 - Secondary Education Field Experience and EDUC 484 - Secondary Methods for Science, and EDUC 426 - Reading in the Content Area.
