## Business Administration

Bachelor of Applied Science On-Campus or Online

### The Program

The program stresses a generalist understanding and application of the nature of business in today's and tomorrow's world of employment. Graduates will be prepared to take higher-level positions or become self-employed, and the program is transfer-friendly, convenient, flexible, and affordable.

The BAS Program is a flexible, transfer-friendly 2+2 program for students who are looking to continue their education after earning an Associate of Arts, Associate of Science or Associate of Applied Science degree (AA, AS, AAS).

The BAS program accepts all credits a student has earned from an accredited college or university.

The BAS program requires no less than 120 credits for graduation. The program is three parts: Essential Studies / 36 credits; Core & Business Concentration / 47 credits; and Electives of at least 37 credits.

Many students will complete the BAS program in two years as a full-time student after successfully earning an AA or AS degree. If a student has earned an AAS degree, there may be additional Essential Studies credits needed to meet the 36-credit requirement for the degree.

The BAS program can be taken on campus or fully online, as a full-time or part-time student. A student can earn a 2-year degree, start in the workforce, and then return to earn the BAS degree later.

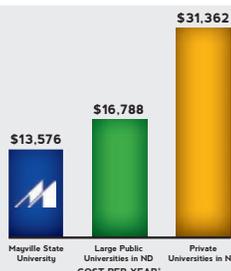

### Value

The combination of MSU's affordability and its unique offerings make it a Best Regional College as designated by the Princeton Review.

#### WHAT SETS US APART

PUBLIC	<b>\$3,212</b>	x 4	=	<b>\$12,848</b>
	LESS PER YEAR*	YEARS	=	LESS FOR A DEGREE
PRIVATE	<b>\$17,786</b>	x 4	=	<b>\$71,144</b>
	LESS PER YEAR*	YEARS	=	LESS FOR A DEGREE

\*These figures are based on the NDUS Fee Estimator or university web sites with selection of a double-room and a basic, comparable meal plan. The dollar amounts less per year are based on the average of cost of attendance from multiple schools before scholarships and other financial awards.

### Personal Service

We pride ourselves on being just the right size to give students the time they need to be successful. You will have small, personalized class settings with a technological focus for you to receive the education that you want deserve. Your professors will introduce you to new ways of thinking, explore issues creatively, and evaluate ideas as you engage in the world.
