

Science in a Nutshell

Flight! Gliders to Jets

Description: Explore the forces of gravity and air pressure and Newton's 3rd law of motion. Test designs for parachutes and gliders, propeller- and jet-powered craft.

Includes:

- Activity Guide
- Activity Journals
- Airplane propeller, stick, and hook
- Balloon, solar hot air
- Balloons
- Balls, table tennis
- Canopy materials
- Clothespins
- Cups, paper
- Flying Gliders
- Hand copter
- Measuring Tape
- Notepad, self-adhesive
- Pipe Cleaners
