

## Líquids

**Description:** Investigate properties of liquids, such as their tendency to flow, viscosity, and whether they are miscible. Explore volume, density, surface tension, and capillary action.

Includes:

- Activity Guide
- Activity Journals
- Clay
- Container
- Medicine Cups
- Filter Paper
- Food Coloring
- Funnel
- Jar
- Liquid Flow Viewing Solution
- Measuring Cup
- Pepper
- Petri Dish
- Pipette
- Ruler
- Stirring Stick
- Straws
- Plastic Tubes
- Vial with cap
- Waxed Paper
