

Science in a Nutshell

Small Wonders

Description: Introduce basic microscopy skills. Use these skills to observe cells and their structures and functions, similarities of features, and behaviors of small organisms.

Includes:

- Activity Guide
- Activity Journals
- Bush bean seeds
- Cork stoppers
- Cover slips
- Fabric Samples
- Feathers
- Food Coloring
- Magnifiers
- Microscope
- Microscope slides
- Petri dish
- Pipette
- Radish seeds
- Student Microscope
- Tweezers
