

# Science in a Nutshell

## Water Physics

**Description:** Explore water and its properties, investigate water in its different states, prove that water is a solvent, and observe how water behaves in the environment.

### Includes:

- Activity Guide
- Activity Journals
- Clay
- Containers
- Dropper
- Magnifier
- Marbles
- Measuring cup
- Measuring scoop
- Nails
- Permanent Marker
- Petri dish
- Plastic tube with base
- Salt
- Spoon
- Straws
- Thermometers
- Thread
