Course Description: This course will broaden student perception and understanding of health beliefs and practices of international populations with an emphasis on social determinants of health, cultural competency, environmental influence, health beliefs and health seeking behaviors, social justice, professional role comparison, and self-reflection. This course includes a 2 week in-country immersion designed to expand the students understanding of the impact of cultural differences on health with comparison of differences between the United States and Belize. Involves travel as a group to Belize for study abroad experience. Students will have online preparation, group discussion, and reflection activities related to experiences in Belize.

Pre-requisite: none.

Class Wait Tot: 0

Class Min Enrl: 0

Class Wait Cap: 0

This course is a pre-requisite to plan and prepare for a May 2017 study abroad experience in Belize and will include weekly online activities within the Moodle LMS and monthly meetings, on-campus or via remote connection using Skype for Business.
