INTRODUCTION

Zoom is a video conferencing product that is reliable and easy to use for audio and video conferencing, collaboration, chat, and webinars across mobile devices, desktops, telephones, and room systems.

Mayville State has its own Zoom account with a limited number of Pro licenses and an unlimited number of Basic licenses. Using Zoom when teaching remotely can help break down the barriers of technology and distance.

It is recommended that you use a headset with Zoom to help reduce the potential for audio issues. Also, please remember that **Zoom users can only have one meeting going at a time**. If you try to join or start another meeting, you will be kicked out of your current meeting.

Please contact [Chris Gonnella](#) with any questions about Zoom or the equipment you need to use it.
