

MAYVILLE STATE UNIVERSITY

Business Administration

Bachelor of Applied Science On-Campus or Online

The Program

The program stresses a generalist understanding and application of the nature of business in today's and tomorrow's world of employment. Graduates will be prepared to take higher-level positions or become self-employed, and the program is transfer-friendly, convenient, flexible, and affordable.

The BAS Program is a flexible, transfer-friendly 2+2 program for students who are looking to continue their education after earning an Associate of Arts, Associate of Science or Associate of Applied Science degree (AA, AS, AAS).

The BAS program accepts all credits a student has earned from an accredited college or university.

The BAS program requires no less than 120 credits for graduation. The program is three parts: Essential Studies / 36 credits; Core & Business Concentration / 52 credits; and Electives of at least 32 credits.

Many students will complete the BAS program in two years as a full-time student after successfully earning an AA or AS degree. If a student has earned an AAS degree, there may be additional Essential Studies credits needed to meet the 36-credit requirement for the degree.

The BAS program can be taken on campus or fully online, as a full-time or part-time student. A student can earn an associate's degree, start in the workforce, and then return to earn the BAS degree later.

Value

The combination of MSU's affordability and its unique offerings make it a Best Regional College as designated by the Princeton Review.

Personal Service

We pride ourselves on being just the right size to give students the time they need to be successful. You will have small, personalized class settings with a technological focus for you to receive the education that you want and deserve. Your professors will introduce you to new ways of thinking, exploring issues creatively, and evaluating ideas as you engage in the world.

13:1
student to faculty ratio

Opportunity

Whether it's music, athletics, or politics, students at MSU have the chance to participate in a variety of activities and clubs. These organizations are a great way to make new friends with similar interests, and the involvement outside the classroom looks great on a resume.

3 International Champions
51 International Finalists
66 State Champions
26,776+ miles travelled
... and counting

Success

Our graduates are successful with more than 97% finding jobs after graduation in their chosen field or continuing their education. Business graduates find jobs in high demand and well-paying fields which include: accounting, finance, sales, insurance, retail and more. These individuals can also be found across the North Dakota, Minnesota, the United States and Canada.
