

MAYVILLE STATE UNIVERSITY

Physical Education
Bachelor of Science in Education

Online

Personal Service

We pride ourselves on being just the right size to give students the time they need to be successful. Our average class size is 20, so you will have small, personalized class settings to receive the education you deserve. Your professors will introduce you to new ways of thinking, exploring issues creatively, and evaluating ideas as you engage in the world.

Advantages

Lifelong Preparation. You will learn how children develop and how to use different teaching strategies, motivational techniques, and communication tools that will help to make you the teacher that you want to be.

Classroom Experience. You'll have an opportunity to make the most of your field experience and student teaching experience. MSU works with experienced and highly qualified cooperating teachers who will provide you with a positive learning environment and mentor your professional growth.

Unique Program. MSU's Physical Education major offers you the flexibility to choose from multiple minors. Additionally, the Developmental Adapted Physical Education (DAPE) Certificate will provide you with the background and practical experience needed to provide quality physical education experiences for students with special education needs.

Success

Our students get jobs! Mayville State University has a long history of producing high-quality K-12 Physical Education Teachers.

Value

The combination of MSU's affordability and its unique offerings make it a Best Regional College, as designated by the Princeton Review. This selection process is based on meeting criteria for academic excellence as well as results of surveys done by current MSU students.

The Program

Mayville State University is recognized throughout the region for preparing quality teachers. This B.S.Ed. in Physical Education program is available online and will prepare you for a career in teaching. Upon successful completion of the program, you will be eligible to seek K-12 teacher certification.

1. The program includes field experiences designed for teaching K-12 certification. These experiences are completed at approved schools and other educational institutions in your community or area.
2. Students work closely with their advisor throughout the program to best plan semester coursework. Summer coursework will be required for online/distance education students.
3. **Online/distance education students will be required to attend in-school field experiences and complete a semester-long student teaching experience at the end of the program.**
4. Please refer to the Criteria for Admission to Teacher Education, Student Teaching, and Exiting the Teacher Education Program found on the website for additional information. www.mayvillestate.edu/academics/teacher-education/
5. Mayville State University's nationally accredited education programs have been designed to meet the licensure/certification requirements in North Dakota and prepare students for licensure exams in North Dakota. **Students living in or moving to any state other than North Dakota should be aware of the unique requirements for that state. Students seeking to establish licensure outside the state of ND must meet with an academic advisor before beginning any online/distance program that would lead to licensure. All students need to understand the licensure requirements in the state they intend to seek teacher licensure. Students are required to notify their assigned academic advisor if the intended location of licensure changes. MSU does not currently accept online education students from Kentucky and New York.**

For more information, please visit www.mayvillestate.edu/msu-online/state-authorization/.

Note: Individual state licensure requirements are unique and subject to change anytime.

This program will prepare students for a career in teaching. Students will work with their advisor to explore minor options to complement their career goals. Students with a previously earned bachelor's degree will not be required to complete a minor. Students with an earned bachelor's degree may also wish to explore Mayville State's Master of Arts in Teaching (MAT) route to teacher licensure at: mayvillestate.edu/academics/graduate-studies/

Essential Studies Courses

Physical Education majors must complete 36 hours of Essential Studies.
